Mapecoat TNS Remove

Removable multi-layered acrylic resin-based system in water dispersion used in combination with fibre-reinforced PVC mat to create indoor playing surfaces suitable for professional-level tennis and multi-purpose playing surfaces.

Mapecoat TNS Professional

Multi-layered acrylic resin system in water dispersion for professional-grade indoor and outdoor tennis courts.

Mapecoat TNS Cushion

Medium-elasticity, multi-layered acrylic resin system in water dispersion for professional-grade indoor and outdoor tennis courts.

Mapecoat TNS Comfort

High-elasticity, multi-layered acrylic resin system in water dispersion, applied in combination with granular rubber matting, for professional-grade indoor and outdoor tennis courts.

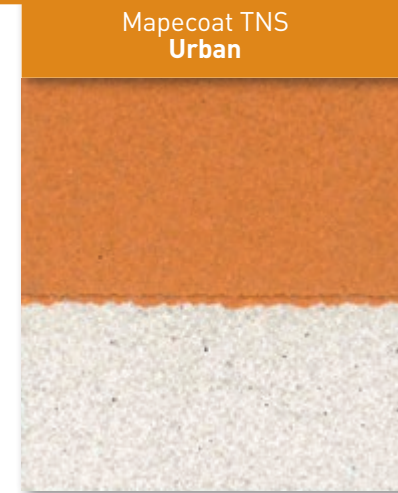

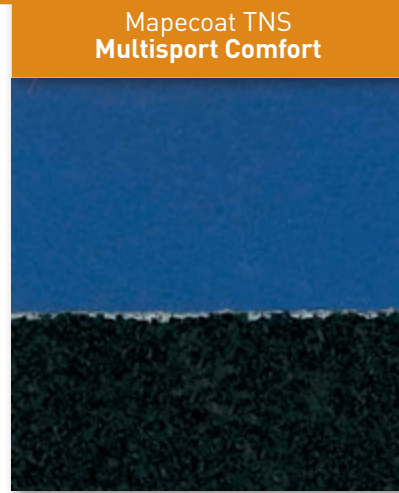

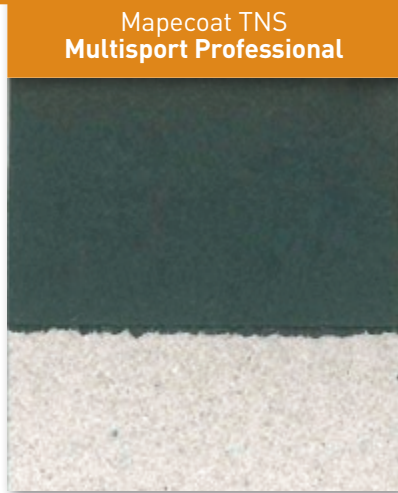

product info

MULTI-PURPOSE SPORTS PITCHES

CYCLE TRACKS - URBAN FEATURES

Mapecoat TNS Multisport Professional

Multi-layered acrylic resin system in water dispersion for indoor and outdoor multi-purpose sports pitches.

Mapecoat TNS Multisport Comfort

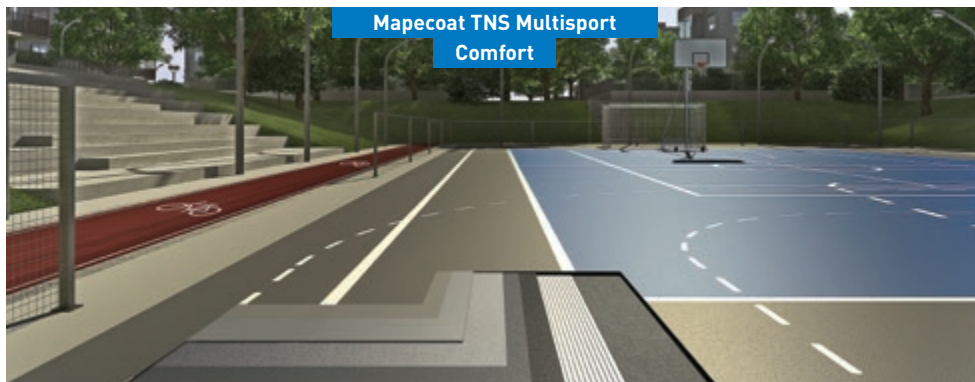

High-elasticity, multi-layered acrylic resin system in water dispersion, applied in combination with granular rubber matting for indoor and outdoor multi-purpose sports pitches.

Mapecoat TNS Urban

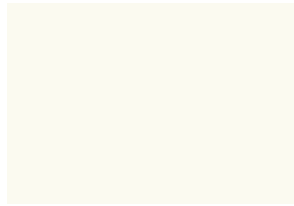

Acrylic resin-based coloured coating in water dispersion with selected fillers, for coating cycle tracks, footpaths and urban features.

24 colours or on request

Due to the printing processes involved, the colours should be taken as merely indicative of the shades of the actual product.
